Date: September 8, 2006

Serial No. 10/692,567

Examiner: K. Fernstrom

Filed: 10/24/2003

Art Group: 3711

For: Motivational Device for Team Competitions

Atty Docket No. 2338

AMENDMENT

Please amend certain paragraphs the specification and amend the Abstract as set forth in the attachment.

Please replace the 3 sheets of drawings in the application with the enclosed 3 sheets of replacement drawings.

REMARKS

This is in response to the office action dated August 2, 2006

Applicant is in receipt of a Notice of Allowability and concurs with the examiner amendment and agrees with the examiner's reasons for allowance, including the interpretation of the term "may".

Applicant requests entry of amendments to the specification, to correct typographic errors.

Inconsequential changes to the drawings, which do not constitute new matter, have been made in the enclosed formal drawings, as follows: 1. The shading and associated fine detail in the original drawings has necessarily been eliminated in the formal line drawings which are enclosed. 2. The numbers have been changed (so they are not all the same) and the lettering on the uniforms has been made unreadable to avoid possible trademark issues.

Applicant submits the issue fee herewith.

Respectfully submitted,  
Conrad Kronholm, Jr.
